HOW THE VISIT WORKS

1

Free Audit

Walk in, observe, ask questions. Find where time is being wasted and where people are falling through the cracks.

2

Proposal Meeting

Sit with the pastor. Show exactly what AI and a new website can do for their specific church. No pitch — just solutions.

3

Setup & Training

Build the website, deploy the AI tools, train the staff. Done in days — not months.

4

Kingdom Partnership

Pastor decides what to give. The mission continues. The church refers us to the next one.

THE VISION

This doesn't end with one church.

PHASE 1 // Church by Church

Serve 50 churches. Document results. Let the transformation speak louder than any pitch.

PHASE 2 // National Expansion

Podcast audience becomes the referral engine. Train a team of AI ministry specialists to multiply the mission.

PHASE 3 // Heaven's Infrastructure
